LIVER COMPLAINT

Among civilised mankind there is no complaint so prevalent as the above, late medical statistics showing that fully one-half of nearly all the communities are to a greater or less degree afflicted with it. Under these circumstances, it is highly important that the wonderful curative powers of

BRISTOL'S SUGAR-COATED PILLS.

in Liver Complaint, should be made to the public. They are in this disease, as nearly as can be said of any medical preparation,

A PERFECT SPECIFIC!

PURELY VEGETABLE.

A remedy that is precisely as represented, and one on which the sick and ailing can always depend. Their effect is to tone and strengthen the Liver, to stimulate it in a continuous, natural, and healthy action; to prevent torpidity, to keep the bile from coagulating or becaming thick and sticky, which is always the condition in certain stages of Liver Complaint, being the preliminary to the formation of gall-stones—and the most excruciating pain in their passage through the duct into the bowels.

BRISTOL'S SUGAR-COATED PILLS.

Do not depend upon any mineral or dangerous substance for their acting upon the liver. They are purely vegetable, and entail no evil consequences upon the patient; they do not dry up the natural humidity of the bowels, thereby causing a continual necessity for further purgation, and the ultimate weakening of the entire excretory organs.

PODOPHYLLIN AND LEPTANDRIN.

The active principles of Bristol's Pills are acknowledged by all enlightened physicians to be the surest and safest remedy for every form of hepatic or biliary derangement. No other Pill, of which we have any knowledge, contain these invaluable resinoids. Prepared in our own laboratory, under our personal supervision, they insure the unvarying uniformity of operation for which Bristol's Pills have become so justly celebrated. But the powerful anti-bilious properties of these Pills are not their only virtue, they are besides a splendid tonic, a thorough yet safe cathartic, a sure cure for indigestion and dyspepsia; safe for the weakest, yet strong enough for the most robust. In short, they are an unfailing

SOURCE OF GOOD HEALTH.

To those who use them, without any of the griping, ripening, or weakening effects produced by the operation of other Pills.

In every case where there is reason to suspect that the blood is impure, or that there is any taint of Scrofula in the system, BRISTOL'S SARSAPARILLA should be used in conjunction with the Pills, the two medicines being prepared to act in harmony, and when used together they ensure a speedy and complete recovery.

For Sale at all the principal Drug Stores.

It being proved that the accumulation of interest is the most powerful means of augmenting the capital, THE BIENHECHORA DEL PLATA—an Argentine Company, whose only investments are in the country—holds out to Subscribers greater advantages than any other Institution, by reason of all its dealings being in the River Plate, where are current as large interests as in any part of the world.

The French Mails.

The French mail steamer Estremadure arrived in port on Christmas morning she is obliged to anchor 13 miles out having a full cargo; she sails again on the 30th. The chief news she brings is as follows:—

Mr. Burlingame, with the Chinese Mandarins, has returned to Berlin.

All the members of the Italian Ministry have resigned.

In London the Suez Canal is not regarded as a success, as improvements will be necessary to meet the demands of commerce. A telegraph cable is to be laid the entire length of the canal to Suez. The Empress has decorated M. Lesseps with the Legion of Honor.

The steamship Japan, from China and Japan, arrived at San Francisco yesterday. The prominent feature of the news is made up of the movements of the Duke of Edinburgh in China The United States steamer Idaho had been dismasted in a storm. The Japanese authorities had sent emigrants to the northern portion of Jesso to protect it from Russian encroachment.

The investigations of the American Sub-Committee on Foreign Affairs into matters pertaining to the diplomatic representation in Paraguay have revealed a difference between the civil and naval services abroad as to ultimate authority, which frequently results in want of cooperation. Vice-Admiral Porter and Mr. Hunter, Second Assistant Secretary of State, are to be examined before the Committee with reference to the theory and practice among officers in foreign ports, with a view to greater harmony in the future.

The gale of Friday night and Saturday was very destructive in Maine, particularly on the Penobscot, at Belfast, where wharves and vessels were damaged. The schooner Mary O'Gorman, of Kingston, Ontario was discovered near Oswego, dismasted and dragging her anchors. Her boat came ashore bottom up, and it is supposed the crew have perished.

The Boylston Bank, Boston, was entered between Saturday and Monday by burglars who carried off between $400,000 and $500,000 of the property of persons who sent their cash-boxes to the bank for safekeeping. The entrance was effected through a brick wall two feet thick, from the business place of a person who had hired the adjoining store ostensibly to sell California wine bitters. A closet was constructed in this store against the bank wall, opposite the bank vault, and the burglars were thus concealed from view while making their way through the wall.

NEW COLONISTS FOR LA PLATA.

In a letter of Mr. Perkins, which we copy from a contemporary, we find the following particulars of the steps taken towards establishing settlements between Cordoba and Santa Fé:—

"I prolonged my stay in London for two months and a half, and I was occupied during this time in framing my project of colonization. The Directors of the Railway Company have accepted my plans.

"The first advances on the part of the Company were very liberal; my exposition of the state of things was received without a dissentient voice.

"The first batch of colonists got their passage free, as also their luggage, and an order has already been given for the construction of their 'ranchos.' On the other hand, when everything has been done for the colonist, and a settlement found for him near Rosario, he will have to pay a fair price for his land. I have endeavoured to commence the settlements near Rosario, with the view of extending them gradually westward. By following this plan the price of land further from Rosario need not be reduced. To achieve this result the Company have resolved to give now, that they may receive at a future period. The first settlements, consisting of eighty families each, will necessitate an outlay of at least 20,000 hard dollars.

"The settlers will pay for each square of land twenty hard dollars within a term of ten years. It is patent that the first comers will be more benefited than the company who sell their lands for half their value, at least those of Roldan.

"But when two or three or more settlements will have been formed on the land between Roldan and Canada de Gomez, all the rest will prove well worth the twenty hard dollars. The terms can then be modified by paying only half the passage, and allowing a shorter time for its repayment, and every one interested will derive the most benefit possible from the arrangement: the Company, from the increased value of its lands, and the additional traffic on the line, and the settlers through being able to keep their small capital and devote it to improving their lands, instead of spending it on passages. This plan ensures the best class of settlers, for with such liberal terms, we have a right to expect respectable families.

"So it is of importance to establish two colonies as soon as possible. I have selected Switzerland as a starting point, and have come here to begin, as I can succeed here more quickly and easily; afterwards I will try the English, Norwegians, and Germans.

During the voyage of the Duke and Duchess d'Aosta from Alexandria to Brindisi, a dreadful accident occurred on board the Castelfidardo. Whilst in the waters of the Archipelago, one of the boilers burst, causing the deaths of ten men and the most serious injuries to twenty others. At the time of the accident their highnesses were fortunately in their cabin.

The King of the Belgians will leave Windsor Castle to-day, and will remain for a few days in London, previous to his Majesty's return to Belgium. Buckingham Palace has been placed at the King's disposal by the Queen, but his Majesty will prefer remaining at Claridge's Hotel, and has only accepted her Majesty's offer of the Palace for the purpose of receiving addresses, which will be presented to his Majesty there.

From Italy we have news of a fresh ministerial crisis. General Menabrea has announced his intention to resign, in consequence of the defeat of the ministerial candidate for the chair of the Chamber of Deputies. Signor Lanza, the opposition candidate, had 169 votes, against 129 given for Signor Mari, the candidate of the Government. Signor Picanelli has been elected to the Vice-Presidency, and he also was the candidate favoured by the opposition.

A rumor is current in Paris to the effect that the Emperor Napoleon and the Czar will meet at Nice, sometime in December.

Of the new peers, Mr. Fitzpatrick is to be Lord Gorran; Lord Edward Howard Lord Glossop; Mr. Glyn Lord Wolverton; and Mr. Robartes probably Lord Robartes.

The knighthood conferred upon Mr. William Fothergill Cooke was recommended to her Majesty as a recognition of Sir William's great and special services in connexion with the practical introduction of the electric telegraph.

A curious method of celebrating the 'accouchement' of the Princess Margaret was adopted by the people of Naples. Everything pawned for a less sum than ten francs was redeemed and presented to the original owners. The juvenile Prince has the city of Naples for godfather! The mayor and municipal council attended at the christening, and accepted the responsibilities on behalf of the city.

It is very generally rumoured that on the assembling of Parliament Mr. Denison, the present Speaker of the House of Commons, will resign his office, and, according to custom, take his seat in the Upper House. Sir John Coleridge, the present Solicitor-General will, it is said, be proposed as the new Speaker.

M. de Lesseps is to receive the title of the Duke of Suez.

A thorough official enquiry into the working of the commercial treaty with France will most probably be undertaken by the Board of Trade.

The Duke of Buckingham having lately been declared the inheritor of the Scottish barony of Kinloss, is now, like Lord Verulam and the Duke of Abercorn, a peer of each of the three kingdoms. His Dukedom is English, and he is Earl Nugent in the peerage of Ireland.

The heir-presumptive to the Barony of Howard de Walden is a clergyman, and the heir presumptive to the title of Arundell of Wardour is a Roman Catholic priest, and a member of the Jesuit order. The last peer who was a Roman Catholic priest was a Lord Eauconberg, about fifty years ago, but he, of course, could not take his seat as Roman Catholic Emancipation had not been carried.

The following relates to a railway enterprise in the Republic of Uruguay:—

"Langham Hotel, Nov. 17.

"Sir,

"In addition to the news from Montevideo, published in the *Times* of this day, will you permit me to state that the Republic of Uruguay has by a Bill granted me a concession for a railway which will unite the city of Salto and a large extent of Southern Brazil, the Misiones, Paraguay and Bolivia.

"The concession guarantees an unconditional net interest of 7 per cent. upon the sum of £10,000 per mile, and the Government takes shares to the amount of £100,000.

"Shares are being subscribed for in the Republic and in a part of the Empire of Brazil.

"I am, sir, yours very faithfully,
"ARTURO DE MAORCARTU."

Quick passage to the West Coast.—The Pacific steamship Magellan, from Liverpool to Valparaiso, arrived on the 25th of September, having accomplished the passage in thirty-two steaming days, with a heavy cargo.

EARTHQUAKE AT MANILLA.

Galle, Oct. 27.

The French steamer Imperatrice, which arrived here to-day, brings news of the occurrence of a serious earthquake at Manilla. The churches and public buildings were considerably shaken and damaged, and several buildings were overthrown entirely. The loss of life is ascertained to be about eight persons, besides several injured. The shock was felt about 100 miles out at sea.

Lord Foley died at Paris on Saturday, in his sixty-first year. Before succeeding to the peerage on the death of his father in 1833, he had represented Worcestershire in the House of Commons, and voted in favor of the first Reform Bill. Earl Grey gave him the appointment of Captain of the Honorable Corps of Gentlemens-at-Arms, an office he has held throughout every succeeding Liberal Administration. The late Lord Foley was also one of the Liberal "Tellers" of the House of Lords. He is succeeded in the barony by his eldest son, born in 1850.

THE MORON RACES.

It is to be regretted that the promoters of the 'Compania de Ferias and Carreras, who have been animated by the desire of introducing into this country an institution of the greatest practical utility, should have committed so great an oversight as establishing themselves in so out of the way a place as Moron. The centralising spirit that presides over institutions ought to have warned these gentlemen that their praiseworthy efforts would have been lost, unless they relied in the first place upon the support and countenance of residents in town. The enormous attendance that crowded to see the celebrated match between Gauchito and Colfax last October, could not be taken as a safe precedent. The occurrence was exceptional and may be many years will elapse before it is repeated. If any proof were wanting as to the truth of our remarks, nothing could be more conclusive than the appearance presented by the Moron race courseon Saturday last. And yet it was known that the far famed Gauchito was to run in two races, and the programme included some good races and the names of several well-known racers. The attendance from town was very small, and all the people that congregated there, came for the most part from the neighbourhood. The absence of any well appointed equipages on the ground, and the scarcity of the fairer sex in the grand stand which was barely half filled, gave to this meeting a far different aspect to those held on the Belgrano downs. Great credit however, is due to the committee and their chairman, our popular friend Hector Varela for their excellent arrangements, and for the perfect order that prevailed throughout. The sport was also good—Although the races in which Gauchito was entered, were foregone conclusions as far as he was concerned,, there was a good deal of betting among the other horses. Old Ituzaingo retrieved his reputation by cleverly beating Orion in the two round race. and No Se also distinguished himself by beating Liviano against the expectation of knowing ones. The weather was hot and dusty which must to a certain extent have contributed to make the attendance so thin.

The following is the order of the running:—

First Race.

Trial stakes for horses that have never run at any public meeting. Entry 500 dols., with 3,000 added. Weight 145 lbs. Once round.

Jose Aguilar's Billetero, overo,	1
M. Casullo's. Pavon, colorado,	2
Forado's Flaco, oscuro,	3

Pavon took the lead, followed by Flaco, with Billetero last. After passing the half round the latter crept up and five cuadras from the winning post passed Pavon, and won with ease by three lengths.

Second Race.

Sweepstakes for all horses. Entry 500 dols. with 5,000 added. Weight 150 lbs. Thoroughbreds 16 lbs, halfbreds 6 lbs extra. Once round.

W. Anderson's Gauchito, saino,	1
J. Malcolm's Chacarero, rabicano,	2
H. Simpson's No Se, saino,	3
M. Risso's Liviano, bayo,	4

Gauchito was offered to be backed at five to one, but there were no takers. Chacarero was backed against No Se and Liviano at two to one. Even on No Se against Liviano. The horses started well together, but at the first corner, Gauchito, who had the outside place. easily took the lead, and went the whole round hard held, winning easily by five lengths. Chacarero ran very gamely, although carrying 10 pounds extra: Time 2.25,

Third Race.

Sweepstakes for all horses. Entry 500 dols, with 5,000 added. Weight 150 lbs. Half-round.

M Casullo's Smith, saino,	1
E Gonzalez's Alcon, doradillo,	2
M Naon's Maipu, molacara,	3
G White's Lanares, bayo,	4
J Wilmot's Peludo, oscuro,	0

Owing to some misunderstanding at starting, only Smith and Peludo were seen to leave the starting post, and when they got half-way, seeing the other horses did not follow, they pulled up. Smith, however, came on at a walk and passed the winning post, and his owner claimed the race, but on reference to the Stewards they decided that the race should be run over. Peludo, however, refused to run, and only the four started, Smith winning easily by two lengths.

Fourth Race.

Sweepstakes for all horses. Entry 1,000 dols, with 5,000 added. Weight 130 lbs, thoroughbreds 16 lbs extra. Two rounds.

W Anderson's Gauchito, saino,	1
J Wilmot's Ituzaingo, colorado,	2
J Malcolm's Orion, rosillo,	3

A good deal of betting was made between Ituzaingo and Orion. Gauchito at once took a commanding lead, followed by Orion and Ituzaingo in waiting on the latter. After running once and a-half round. Ituzaingo's rider called upon the old horse, and a pretty race ensued between him and Orion, which ended in the latter being defeated by four lengths.

Fifth Race.

Sweepstakes for all horses. Entry 500 dols, with 3,000 added. Weight 145 lbs. Three rounds.

M Risso's Chingolo, picaso,	1
A Navario's Gama, colorado,	2
M Casullo's Paunero, tordillo,	3

Chingolo took the lead and kept it three rounds, landing an easy winner.

Sixth Race.

Hurdle race. Entry 300 dols, with 2,500 added. Weight 160 lbs. Once round eight flights of hurdles.

J White's Velocipedo, bayo,	1
H Simpson's Quien Sabe, saino,	2
A Arriola's Quintero, colorado,	3

Quien Sabe having the lead, took every hurdle in splendid style. At the last, however, he baulked, which enabled Velocipedo to pass him and reach the winning post first. His rider having dismounted, instead of going to be weighed, a claim was laid in before the commission by the rider of Quien Sabe in the absence of its owner. The decision of the commission was, however, postponed, as owing to the lateness of the hour several members had left.

ATTACK ON MRS. BEUTEFUHR

The case of Mrs. Beutefuhr, which has recently come under our notice, is another melancholy evidence of the fact, that beyond the pavement of Buenos Ayres the institutions of the Republic are a dead letter; peaceable industrious citizens in the country parts are for ever in a struggle to hold their own, either against the savage onslaught of the highwayman and robber, or the grasping despotism of camp officials. It is really difficult to say which is preferable, the highwaymen or the country police; but it is easy, very easy, to state which of the two is to be more feared.

We are not here now to place the Justice of the Peace of Moreno on his trial, we trust that Governor Castro or the Fiscal will do this. A country judge should not be above the law, and one of the finest triumphs of our republican institutions would be the public chastisement of officials who have violated their trust, or intrenched in the least on the rights of the citizens. We make no charge whatever against the Justice of the Peace of Moreno, but we give to the public facts which have appeared in the columns of a contemporary, and which whether true or false, call at least for the most searching enquiry and the most public explanation.

In the little town of Moreno, to the west of Buenos Ayres, reside Mr. and Mrs. Beutefuhr. Mr. Beutefuhr is a well known city broker, and Mrs. Beutefuhr, who is a Hungarian lady of some distinction, takes the exclusive charge of the farm and other properties of Mr. Beutefuhr in and about Moreno. It is alleged that Mr. Beutefuhr has incurred the animosity of the Justice of the Peace and of the Municipality by his having taken a rather prominent part in getting up a protest against the recent Municipal elections.

Mrs. Beutefuhr some few days ago placed in pound several animals which she caught trespassing on her farm and injuring her quinta, and in conformity with the provisions of the Rural Code in such case made and provided, requested of the Justice of the Peace the due appraisement of the damage, and the payment thereof before liberating the animals.

It is stated that the Justice of the Peace promised to appraise the damage but did not do so; but some day last week he sent without the least notice an Italian of the name of Gibelli (who it appears is a supplente Municipal) with 25 or 30 armed men, to take by force the animals shut up by Mrs. Beutefuhr.

At about noon this small army of 'vigilantes' or country police arrived at Mrs. Beutefuhr's house. Mrs. Beutefuhr asked them if they had any written order from the Judge, but they had none. She, therefore, refused to allow them admittance until Mr. Beutefuhr, who was in town, returned; but they persisted in effecting an entrance. Mrs. Beutefuhr took up a rifle, and with heroic daring, told them that she would shoot the first fellow who dared to enter the premises. This brought these fellows to a sense of their position, and, although Gibelli was armed with a dagger and revolver, and his men with swords, they were awed at the daring conduct of Mrs. Beutefuhr, and afraid to advance. But, it appears, whilst the parley was going on in front, some two fellows penetrated in the rear, and before Mrs. Beutefuhr was aware of it, they rushed on her from behind, disarmed her, and then pulled and dragged her about in such a manner that her clothes were torn to pieces; the whole band of armed fellows fell upon the unfortunate lady, and the leader of the gang, this Gibelli, is charged with striking Mrs. Beutefuhr in the bosom with the hilt of the dagger, besides blows and kicks, until the poor lady fainted. Things were in this state when the Justice of the Peace arrived. He was mounted on horseback, and with a drawn sword in his right hand, shouted to his men to drag the woman along the ground, if they could not make her walk, and half dragged and half walking she was taken to the Policia, from whence she was at once despatched to the Policia of Buenos Ayres with the armed escort of 'vigilantes. When Mrs. Beutefuhr arrived in town she presented a truly piteous sight; her clothes all torn to pieces, the Judge of Moreno refusing to allow her to change her clothes before sending her to town, in order to make it, if possible, a still greater humiliation.

The full particulars of this very disgraceful case have been sent to the Government, and foreigners look to Governor Castro to see that he does what is right in the matter.

HURRAH FOR FRAYLE MUERTO

SPLENDID WHEAT HARVEST.

Our countrymen at Frayle Muerto are reaping an abundant harvest, and have sent us samples of their wheat and flax: the wheat stalks are 5½ feet high, and the grain is exceedingly clean; the flax also looks strong and healthy. So much of the future of the country depends on the success of the first efforts for agriculture on a large scale, that we regard with extraordinary interest the results obtained by the Englishmen of Frayle Muerto.—Subjoined is a letter which contains some valuable particulars, especially as regards the various kinds of machinery in use by the settlers. We may mention that we have received also very good news from the English farmers at Bahia Blanca, and we expect soon to hear from the Californian Colony in the Gran Chaco and the Welsh settlers in Patagonia that they have harvested their crops and had a good yield per acre. The regeneration of the country depends not on Cabinets or Legislatures, but on the energetic and persevering farmers, who are steadily subduing the Pampas and making the desert blossom like the rose.—All honor to such men. England has reason to be proud of her people in whatever quarter of the globe, and nowhere more than in South America: The following is the letter we allude to:—

Frayle Muerto, Dec. 20, 1869.

The Messrs Mulhall,
Buenos Ayres.

Gentlemen,

We send you by Mr A. M. Bell some samples of our Frayle Muerto wheat, in ear and threshed, which may perhaps be interesting to some of your visitors.

We are all in the height of our harvest work; the results promise to be very satisfactory.

The average crop will be from 250 to 300 arrobas of clean machine threshed wheat per cuadra, although there are some fields considerably over that rate.

The chacras of Messrs Sword Bros. and of Mr Leighton are considered to be among the best.

Owing to the long-continued dry weather, the grain is small, but it is of good quality and weighs well.

Any of your readers who are interested in the development of agriculture in this country would find a visit to Frayle Muerto at this time particularly instructive.

Among the different estancias you find reaping machines of all classes from the principal makers both in England and America, the merits of which are being severely tested and hotly discussed by the different owners.

One of the most interesting machines is worked by Mr Stow. called the Illinois harvester, the peculiarity of it being that it not only cuts but elevates the wheat into a large cart, which is driven alongside.

Of threshing machinery, there are two steam threshers, one of them English and the other American, besides various other horsepower machines.

The weather has been most favourable hitherto, but to-day it is raining hard.

Sending you the compliments of the season,

We remain, Gentlemen,
Yours truly,
FARMERS.

RESPECT THE DEAD.

We translate the following remarks from our French colleague *Le Courrier de la Plata*; they require but little comment, still we cannot refrain from expressing an opinion on a subject of such vital importance to the health and moral character of our population. A want of due respect for the dead is an ugly failing in the Spanish race and its offshoots, and in no part of the world can a more disgraceful example of this fact be shown, than that presented by the Recoleta Cemetery in this city. Over and over again have we called attention to this monstrous abuse. The state of this burial ground is a crying shame to the Government and people of this country and city, it is moreover, from its being so indecently overcrowded, a perpetual menace to the health of the metropolis; and if the authorities are so indifferent to the claims of propriety and even common decency as to still refuse redress, the voice of the foreign population through their Ministers and Consuls, must be raised in protest against a longer continuance of interments in this cemetery, such being an outrage on the respect due by every civilized community to the remains of its departed members. *Le Courrier* says as follows:—

"We have always been opposed to pomp at funerals, to the exhibition of coffins, and in fact, to everything tending to the ostentatious display of a grief oftentimes more apparent than real.

"But if it appears ridiculous or in bad taste to make a parade of respect for the dead, it would certainly seem right that once within the precincts of the graveyard death should be sacred; and the tomb allowed to remain sealed for a length of time sufficient to prevent a scene such as detailed below, from outraging the feelings of those who accompany to their last resting place the remains of a friend.

"We appeal to the Municipality, and to all those who can exercise any influence respecting our cemeteries. We trust that every good citizen will aid us in endeavouring to obtain some slight addition of respect for the tomb, and a little more decency in the administration of the burial grounds. We recommend to them with this object the perusal of the following letter, the tenour of which must leave a deep impression on every right thinking mind:—

Mr. Editor,

Some time ago your estimable paper pointed out the abuses of the Middle Ages in respect to the burial of the dead, and although you referred but to history, we trembled whilst recalling the hideous legend of post mortem sentences.

Beheading corpses as was done by judicial order under Henry VI, and Pope Stephen IV, was certainly an act of cruelty and repulsive policy. Happily those ages are long gone by! Such is the natural reflection inspired by dwelling on these records.

The consolation to be derived therefrom is, however, a delusion, for in this year of grace 1869 under the sha-

dow of the free institutions of the Argentine Republic the tomb is violated with the consent of the authorities, corpses are mutilated in their resting place, and numerous witnesses can prove that; the grave-digger getting through his task with cruel indifference, does not hesitate to dissever the head from the trunk of a half decomposed skeleton.

These facts occurred on Tuesday last at 6 o'clock p.m. in the Recoleta Cemetery, the following are the details:—

A large number of persons had assembled to assist at the interment of a friend who had died that day at 4 o'clock in the morning. On arriving at the Recoleta they found that the grave had not only not been made but had not even been marked out, and the grave digger was not at his post. After a long delay the coffin was carried to the spot where the grave was to be dug, the ground was measured and the grave diggers ordered to commence their work. When they got to a depth of barely four feet the shovel struck against an obstacle that gave forth a hollow and deep sound. Instinctively we bent over the opening and perceived a coffin, sound and perfectly closed up. Before we could recover from our surprise the merciless diggers dashed their spades through this sacred depository and flung the pieces about, although it appeared to be in a perfect state of preservation.

Everyone shouted stop! but we were answered with cruel indifference that, *Such had been the orders received from the Cemetery authorities and that old corpses should make way for new.*

The skeleton, in a complete state could be seen lying in the open coffin, some pieces of the grave clothes were still to be seen, as well as the skull which was half bare.

Although the lid had been dashed from the coffin, the proscribed depth had not yet been reached, and a work of mutilation then commenced that roused the anger of the bystanders. The two grave diggers stamping on the remains smashed in the ribs and bones to make a level. One of us seized one of these desecrators and reproached him with his inhuman conduct, he only replied, turning to his assistant "Bueno si el cadaver tiene carne dejelo no mas," but alas the coffin and skeleton had already been levelled away with heel and spade. The skull remained sticking up, a blow from a shovel severed it from the trunk and the next moment it was shovelled out and rolling at our feet.

Such is the sad reality which establishes a parallel between the cruelties of former ages and the abuses of today. Society should be made aware of these abuses, families should protest against the violation of a sacred place, the human heart demands the repression of such deeds and I will not shrink from the utmost publicity to attain this end.

Receive Mr. Editor the assurance of my distinguished consideration.

CH. PECHER,
Belgian Consul.

MONTEVIDEO.

Sunday.

The French packet has brought news from Rio of the death of Mr. Gottschalk the renowned painist, favorably known in the River Plate. He died at Tijuca on the 15th inst, when he was on the eve of eclipsing all his previous performances by a monster concert of more than a thousand musicians. His health had been failing for some time but his illness was comparatively brief: only 23 days before, by a strange occurrence, he broke down in a concert while playing a piece called "La Morte", which was his last appearance in public. His Majesty the Emperor sent repeatedly to enquire for him during his illness. Mr. Gottschalk was a native of New Orleans, of Franco-German parentage, and had distinguished himself at an early age as a musician of great talent. He came from the West Coast about two years ago, and gained everywhere numerous friends, no less by the brilliancy of his performances than by his gentlemanly demeanour. He was apparently about 35 years old, and his loss will be felt in the musical world.

The mail also brings tidings of the death of Pereyra Pinto, who was for 18 years Brazilian Consul General in Buenos Ayres. He contracted an illness at the seat of war, while fulfilling a commission entrusted to him by the Brazilian Government, and was for some time recently trying to recruit his health at Rio.

Mr. Duncan Stewart has taken out his papers as an Oriental citizen and enters on his office as Finance Minister from to-morrow. It is hoped that he will do his best to maintain public credit and begin by obliging the Junta to pay the unfortunate bondholders.

There seems to be some doubt whether Goyo Suarez has really thrown up the 'poncho', and the *Siglo* defends his actions, but the Government has sent Col. Bañas with 100 infantry (mounted) to defend Tacuarembó: the march is one of 3 days.,

The Peruvian monitors and flotilla leave shortly for the Pacific.

The commander of the new Portuguese corvette was presented on Friday by Baron Souza to President Batlle.

A retired army-officer named Sagrera publishes a complaint of ill-treatment by the Gefe of Minas, which is unfortunately characteristic of Poor South America! He was seized by the police and put in the stocks for 20 hours, and on enquiring the cause learned that it was because he had coughed disrespectfully when passing the Gefe in the streets.

Highway practice is now becoming more general even near the city: yesterday 3 fellows were sent to prison on this charge.

There is talk of establishing a colony near the town of Colonia. It is, however, expedient that the authorities seek to give some protection to life and property, for the camp districts are in a bad way.

Much satisfaction is felt at the contradiction of the rumor that cholera had begun to shew itself: the rumor was a most unwarrantable invention.

A subscription is on foot for giving a dinner to the soldiers that are expected from Paraguay: it seems they will hardly number 40 men.

Mr. Peeler is progressing with the Water-works, near San Lucia, and the work promises to be one of the finest things in the country.

The controversy between the Italian Minister and Dr. Felice Angeli continues, the latter applying to the former very offensive epithets.

A meeting was held at the British Consulate on Thursday with reference to the testimonial about to be presented to the Rev. Mr. Adams previous to his departure for England.

Paper-money continues about the same, 5⅜ to 5⅝ dis.

There was a sale on Friday of 1,000$ foreign debt at 55.

EDITOR'S TABLE.

The French Mail Steamer Estremadure arrived late on Friday evening at Montevideo, and reached this port on Christmas Day; her mails and passengers were landed early in the day. The news from Europe is of no great interest, and political affairs on the Old Continent remain much the same as advised per last mail. Mons. de Lesseps has been created a Duke by the Emperor Napoleon; he has also been made a Senator of the Empire; his title is Duc de Suez. The commercial intelligence is on the whole favourable for River Plate produce.

The preparations for the reception of the National Guards are now nearly completed, but it is not expected that they will reach this city for some days yet, possibly not for another week. The triumphal arches erected along the route to be followed by the troops are most tasteful and appropriate They in general exhibit the names and dates of all the great battles in which the National Guards have taken part since the beginning of the war, and on some of them are painted episodes from those fights. The flags of various nations are floating to the breeze along the entire length of Calle Florida, and this fashionable thoroughfare presents a most attractive and animated appearance. A false rumour of the arrival of the Guards obtained circulation early yesterday morning amongst the sailors and idle 'gamins' about the Paseo Julio, and for a time caused some little excitement amongst these folk.

Christmas Day was observed with the extra solemnity usual to the occasion in the churches of all denominations in the metropolis. The day was so oppressively hot that few ventured out of doors after early morning. The railways notwithstanding had a large share of traffic on this and the succeeding day. About 1 o'clock a.m. on Sunday morning a thunderstorm came on, lasting for about an hour and cooling the air a little; the heat was again most oppressive yesterday, the thermometer standing higher than on any day since summer began.

We hear with deep regret of the demise at Rio of Gotschalk the celebrated pianist after a short illness. Mr. Gotschalk had been for some time unwell through over exertion in pursuit of his profession, and he rapidly succumbed to an attack which a more robust constitution might have resisted. Mr. Gotschalk's premature death will be long and deeply regretted by the Buenos Ayreau public, with whom he was a deservedly great favourite.

A most disgraceful attempt at abduction was made on Sunday night in this city, and the facts of the case seem to leave little doubt that the delinquent is one of the corps of police commissaries. The particulars, as far as we can learn, are as follows:—About nine o'clock on Sunday night a young girl in a state of extreme agitation and with her dress very much torn and disarranged, rushed into Messrs. Cranwell & Murray's shop in Calle Reconquista, followed by a man in the garb of a commissary, who stated that he had just arrested her; he immediately went away, leaving three 'vigilantes' at the door to watch her, as he said. The 'vigilantes' in their turn soon decamped, leaving a 'sereno,' whom they had called, in their place. Mr. Cranwell, as soon as he had rendered such assistance to the fainting girl as he could, went to the Policia and returned with an official, who soon made out the three 'vigilantes,' but these men could not, or rather, would not say what commissary had stationed them at Mr. Cranwell's door, nor could they say why the girl had been arrested. The girl had been attacked near the Merced Church when returning from Messrs. Cranwell & Murray's, where she had been purchasing some medicine for a sick relative. The young lady is an Englishwoman, of a respectable family of this city, and her friends are determined to sift the affair to the utmost. We must say that it wears a very ugly aspect for the police up to the present. Such a dastardly outrage is happily of rare occurrence here, and it is many years since anything of the kind has happened amongst us.

Mr. Wheelwright has arrived in Montevideo from the West Coast in the Cordillera. We are happy to hear that he is much improved in health by his trip to Valparaiso and back. Mr. Lamas, the well-known barraquero, came home also in the Cordillera. He did not land in Montevideo, but at once got on board the Saturno and arrived here yesterday morning.

The Estremadure has, strange to say, brought us exchanges from New York of a day's later date than our English files. We are unable to account for the seeming anomaly.

The latest advices from Entre Rios announce a new Extract of Meat Company at Port Ruiz, started by Messrs. Parachu, Echevarria and Ituraspe. It promises to be an establishment of great importance.

Benitez's Extract of Meat Factory is now working away hard and fast, and the consumption in this city of their extract has greatly increased; the grease extract is almost universally used in the kitchens of hotels and private houses in this city.

H. E. President Sarmiento, might have been observed yesterday morning at an early hour witnessing the erection of the estrade in Plaza Victoria opposite the Recoba arch, which is destined for the accommodation of H E. the Cabinet Ministers, Corps Diplomatique, and other high functionaries, on the day of the entry of the National Guards. The arrangements here are in the best taste; amongst the numerous flags are four special ones each fourteen yards in length; a 'toldo' has been placed over the arch, and the interior painted and decorated so handsomely that it looks like a boudoir. We have no doubt that the fair sex for whose accommodation the arch has been thus transformed, will feel much more comfortable here than in the stuffy saloons of the Municipality from which, together with the highest personage in the land, they were so curlishly excluded by the 'Chesterfields' of the Corporation.

There was a tremendous bubbub in town yesterday, caused by the disappearance of an Italian cartman with "Somebody's Luggage," The somebody in question is an Englishman, but a short time in the Plate, who hired the runaway cartman on Sunday to bring his traps from the Hotel Provence to a friends' house where he was going to stop. The man left the hotel for his destination but has not since been heard of. The unfortunate loser paid us a visit yesterday, and laid his grievances together with a list of the missing articles before us; he has not been left even a pocket handkerchief; jewellery, linen, money all gone. The following is the list of our friend's wardrobe and valuables:—15 coats, some of them built by Poole, 17 pair of trousers to which the same remark applies, 15 vests, a set of valuable diamond studs, English bank notes to the amount of £45, enclosed in a Russian leather pocket book a gun, cost £40 in England, 6 pair of boots, 2 do. slippers, three dozen shirts, opera glass, pistol case, photographic apparatus, silver mug. dressing case crammed with jewellery and souvenirs of various kinds, etc. etc; the value of the whole being at the very least £500 sterling. The cartman's number is 2,409. Should any of these articles be offered for sale to dealers or others, they are requested to send information to our office.

President Sarmiento, honoured the Italian Opera House with his presence on Christmas night. Madame Gasc was again magnificent as Lucia. On Sunday night she appeared in Rigoletto, in which opera she displayed the highest merit, but we did not consider her to be as well supported as usual. The audience was rather thin on both evenings.

The fair at Moron on Christmas Day was but poorly attended, but few people from town being present. In another column we give a description of the proceedings.

There was a crowd round the door of the Policia on Sunday all day long caused by the sale of the tickets for the lottery specially got up to add to the National Guard Reception Fund. The rising generation were specially remarkable for the vigour with which they elbowed their way to the front, and for the large sums they invested in tickets.

The masked ball at the Alcazar on Friday night was a very dreary affair; the costumes in general appeared to be the remnants of the trappings of last Carnival, and looked anything but brilliant.

The Government has decided that all arrears of pay due to the National Guards shall be paid to them on their arrival from Paraguay. This is but simple justice, the brave fellows have well earned their scanty pay.

It is not generally believed that the Goyo Suarez movement in the Banda Oriental will lead to anything serious. Revolution of late in the sister Republic strongly resembles modern duelling, there is a good deal of scribbling and talk, but thank Providence nothing like the bloodshed of former years.

The last health report for the city is most satisfactory, the death rate still continuing low. Indigestion, gastric fever, colic, and some few cases of cholerina, were the principal diseases rife during the fortnight. No case whatever of cholera proper is reported.

ARRIVAL OF THE CORDILLERA.

The magnificent steamer Cordillera of the Pacific line anchored in the Mount on the 25th, at 2,30 p.m.

On board of her are Mr. and Mrs. Wheelwright and Mr. A. T. Lamas, our Russian Consul, and well known merchant, who has just made a trip to Chile.

Mr. Lamas is the banker of the Chilian Society, Porvenir de las Familias, and he will also take charge of a new branch bank of the celebrated Banco Garantisador de Chile; one of the most important banking establishments in South America.

There were also on board the Cordillera the Peruvian Legation en route for Rio de Janeiro, and we understand that the Minister Dn. Louis J. Misones, after presenting his credentials at the Court of San Cristobal, will visit this Republic to present his credentials here also.

We expect to-day in Buenos Ayres, Coronel Dn. Adolfo Ballivian, son of the former President of Bolivia, who also came a passenger on board the Cordillera. We salute our friends and distinguished guests and welcome them all to the Plate.

The Cordillera made a splendid run out. She had over 2,000 tons copper, and is crowded with passengers; her old commander has remained in Valparaiso to take charge of another steamer. The present captain is a young man, and very highly spoken of by the passengers.

ON 'CHANGE.

December 27, 1869.

Ounces	400
Sovereigns	12$\frac{2}{3}$
Patacons	25
National Bonds	60

There was nothing done in Bonds to-day. No sales on time or for cash.

In the wool market there was a very brisk business; one barraquero from Barracas bought up all the wool offering; it is said, for account of an english house. Unzue, in the North Plaza, sold heavily.

Mr. Duggan sold—

3000	ar good mestiza	at	50
2000	do	do	53
7000	do	do	60

Fernandez and Moreno sold 7000 arrobes from 48 to 58. The market rules very firm, and a good speculation is going on with a view to hold the wools until after the first prox., when the reduced duties come into force. Sr. Amadeo also sold heavily; in fact, nearly all the wool in the Station was sold this morning, and very little left in the carts.

Advices have been received to-day of the capture of the British barque Lone Star at Londonderry, Ireland. It appears that the vessel cleared from this port with 1000 tons salt, belonging to Don Eduardo Madero, for the West Coast, but instead of going to Valparaiso she sailed for the States, making away with the cargo. The proper certificates were taken from the Consul here, and full power sent to Mr. Gilmour, of Liverpool to whose watchful and persevering efforts the capture of the ship in question is due.

The steamer Medway is posted as a supplemental steamer on the Tait's London line. She may be expected here twelve days after the City of Buenos Ayres. Messrs. Woodgate Brothers have no less than three lines of steamers—the Tait's London line.

The Live Cattle London line, Adriadne, first vessel, may be expected in a few days, having brought an immense cargo to Rio Janeyro.

The Neapolitan line, Golden Horn, first steamer, will leave this some day next weeek. This steamer brought out over 600 emigrants on her first trip.

The River Plate steamship Co., of which Don Juan José Mendez is President, will declare a dividend early next month of 25 per cent. This Company is now in the most prosperous condition.

Exchange ruled to-day at 49$\frac{1}{4}$ and 49$\frac{3}{4}$, and a good deal passed. The French mail steamer Estremadura will leave on the 30th inst.

There is a good deal doing in discount. Money is in brisk demand. The Provincial Bank discounts liberally, but for this the rate to-day would be fully 24 per cent. per annum.

The following market reports are very cheering.

Havre Nov. 22.

Fair bussiness in wool, and a rise of 5 to 7$\frac{1}{2}$ centimes, as before stated, is well sustained: 881 bales Buenos Ayres and 720 Montevideo sold. Our present stock is 5100 bales Buenos Ayres and 3000 Montevideo, most of which will be put up at the auction-sales beginning on Nov. 30th and lasting till Dec. 3rd. At the London sales there were 120,000 bales sold, at a rise of $\frac{1}{2}$d on unwashed and 1d. on washed. The rise in River Plate wools is even greater than in Australian or Cape. Total sales at Havre since January 1st —73,781 bales, against 60,369 for 1868,

In grease and tallow there is a brisk demand owing to the decline of prices, and all disposable lots have fetched 50 to 75 centimes more than expected.

There has been also a great demand for sheepskins, all being sold at favorable prices: skins with wool are much sought for.

London, Nov. 20th.

No transactions in salted hides: trade is generally dull, and prices must fall if there be considerable arrivals. Horse-hides in slight request, no arrivals, prices nominal. Sheepskins with wool improving.

Liverpool, Nov. 20th.

River Plate Produce dull, tendency downwards: no demand for salted hides. Buyers won't offer rates; 58 for good Uruguay hides may be regarded as the highest figure, and no buyers. Horse-hides little sought for, but no decline in rates. Tallow has fallen 6d per cwt.

New York, Nov. 20th.

Hides in trifling demand, but market closes firm. Imports since January 161,421 hides. The tallow market is less active, but prices are sustained.

Rio Janeyro, Dec. 19th.

Sovereigns 12,200. Exchange 19$\frac{1}{2}$.

THE URIARTE CASE.

DECREE.

"*Whereas* by Arts. 1643 and 1649 of the Codigo de Comercio, when a debtor is declared insolvent, as in the present case, of Uriarte, the insolvent's effects become the property of the creditors and must be put up for sale by the Syndics, who have the faculty of appointing the party to act as auctioneer, without the bankrupt having any voice in the matter.

"2ndly—That there was no reason to object to the auction being carried out in due form by the Syndics.

"3rdly—That the Judge (Agrelo) had no right to act as he did in his order of December 15th, and on these grounds we hereby revoke his order and direct that the auction shall be proceeded with as originally laid down in f. 4 and 5. For this purpose the Police shall restore the goods to the creditors and the usual costs shall be paid."

This sentence was pronounced by the Superior Court, at the Appeal of the Sindicos to the arbitrary Decree of Judge Agrelo, ordering the Public Auction to be suspended, when the Merchant, who acted as Auctioneer, was grossly insulted by the bankrupt, Uriarte. 249,6pd24.

A DISEASE WITH A HUNDRED SYMPTOMS.—Such is dyspepsia. It may be said to simulate almost every other complaint. Hot flushes and violent palpitations of the heart which seem to indicate serious difficulty in the vital organs, are often caused solely by indigestion. A single dose of Bristol's Sugar-coated Pills will in that case be sure to afford relief. In fact they are always a safe and useful medicine, as they tend to reduce febrile action of every kind, without weakening the bodily powers. In all ailments the stomach, the liver, and the bowels are more or less affected either sympathetically or directly, and upon these three organs the Pills operate most beneficially.

SAVINGS BANK
BANK MAUA AND Co.
101--Cangallo--103
BUENOS AYRES.

The immense advantages of Account Current are now so generally felt and appreciated in the two great emporiums of the River Plate, Montevideo and Buenos Ayres, that there are very few Merchants who fail to keep one at the bank in which they place the most confidence.

The Bank of Maua & Co. in Montevideo has already provided for the working classes in that city a safe and profitable depositary for their savings.

The sums deposited in that very important institution are daily increasing, and already reach a very large amount.

These advantages have not hitherto been enjoyed in this city by an immense number of clerks artisans, working men, and servants of all classes and conditions, who are equally interested in putting their savings out at interest, thus providing themselves with a reserve fund in case of need, sickness, or old age, instead of spending them in the immoral gambling, in lotteries, and other frivolities.

The Bank of Maua & Co. of this city, following the noble example of their firm in Montevideo, now offer the same facilities in this city, and has opened a Savings Bank at No 103 Calle Cangallo from Nine a.m. till Three p.m. every day, for the reception of the savings of the classes already mentioned. Sundays and holidays excepted.

The Bank will deliver to each depositor a pass book, in which will be entered the amount deposited and withdrawn.

The depositor is permitted at any time to withdraw the whole or part of the sum deposited, in the former case the interes will be calculated up to date.

The Bank of Maua & Co. is sufficiently known to the Public by the benefit derived from the course of its operations, which are regulated on the strictest and soundest principles, and always directed to promote the general welfare.

The Bank of Maua & Co. are also persuaded that this new branch of their business will render immense service to the working classes of Buenos Ayres and its neighborhood.

Buenos Ayres, 2nd January, 1867.

P. P. MAUA & Co.,

M. A. DE FREITAS AMORIM.

CONDITIONS.

First—The Bank receives at interest any sum of Twenty-five Dollars currency or one Silver Dollar upwards.

Second—The interest allowed is six per cent. (6 p. %) per annum, which is liquidated every six months.

Third—The depositors can at any time retire the whole or part of the money deposited.

Fourth—Once the money deposited exceeds twenty-five thousand dollars currency, or one thousand dollars silver, the depositor, if he wishes can open an account current, according to the rules established by the Bank.

Fifth—In case the depositor loses his pass book it can be replaced by another on paying twelve dollars currency, and advertising the loss in the public newspapers.

Sailing Vessels or Steamers, whose entire registered tonnage and horse power of engines does not equal one hundred (100) tons, will pay the rate of one hundred [100] tons.

All cargo will pay one dollar and a-half (1.50) in gold, per ton, for being taken up, and the regular rates for laying on.

For laying on the Railway, from the hour the Vessel or Steamer is properly up, for each twenty-four (24) hours, seventy-five ($0.75) cents. per ton. in gold, and any twenty-four (24) hours entered upon will be charged as a full day.

Wrecked Vessels or Steamers, whose bottoms are broken, will not be taken at the regular rates, but must make an especial agreement with the Company's Agent at Colonia.

No charge will be made while laying on, for Sundays or stormy days, when no work can be done below the load line of the Vessel or Steamer.

IMMIGRANTS' HOUSE.

The Sisters of Mercy desire to express their gratitude to the generous subscribers towards their "Immigrant House," No. 248 Calle Chacabuco. The amount already collected will enable them to commence the building they propose, but it will not suffice to finish it.

The facility such establishments afford, both at home and abroad, for obtaining persons of respectable character, and likewise efficient for domestic service, sufficiently recommends them, to the public, without at all taking into consideration, the amount of misery it precludes. The Sisters therefore confidently hope that, a call from them for further assistance will not be in vain. They also take advantage of this opportunity to remark they invariably give a note to any one that they recommend to a situation, and that all subscription, not entered by the doner, in the collecting book, kept in the Convent, will be published in the 'Standard' every month.

PREVENTION BETTER THAN CURE,

THE ORIGINAL CHLORODYNE.

This Preparation, manufactured by the original inventor, being perfectly mixable with water, may be easily distinguished from all other imitations.

IN DYSENTERY AND DIARRHŒA.

Its use is attended with the most striking results. On a recent occasion eminent London Physicians and Surgeons made affidavits to the fact that they had extensively prescribed FREEMAN'S CHLORODYNE, had used it in private practice, had used it in comparison with Chlorodyne of other makers, had carefully noted the effects of each, and preferred FREEMAN'S as being the most certain and reliable preparation, stating in particular that they had not found it to produce headache.

Earl Russell communicated to the Royal College of Physicians and to Mr. Freeman, that in Manilla the only remedy of any use in

CHOLERA,

Was Chlorodyne.—"Lancet," Dec. 31, 1864; "Times," Nov. 14, 1865.

FREEMAN'S CHLORODYNE is employed largely and with much benefit in Consumption, Chronic Bronchitis, Coughs, and many other diseases, producing always a feeling of ease and comfort to the patient seldom obtained with other remedies.

It is offered to the Public as the best preparation of the kind, and at a price which allows the poorest person to provide himself with a reliable and well-proven safeguard, which rapidly relieves pain, unpleasant sensations, many indispositions and is especially necessary, owing to the climatic changes at this Season.

Each Bottle contains full directions for use and a sheet of Medical Testimonials of its wonderful properties.

To be obtained Wholesale and Retail, from Freeman's Agency.

LIEBIG'S
Extract of Meat,
(Manufactured in Fray Bentos.)

The "Extract of Meat," manufactured in Fray Bentos, by Mr. Giebert, is the 'only' Preparation guaranteed by Baron Liebig's Signature on each jar, and as such can be entirely relied on as the only genuine extract'

This article is strongly recommended both for its great superiority in delicacy of flavor, and from its being perfectly free from that nauseous burnt taste often found in spurious preparations.

For Infants and Invalids it is the most digestible food known, and, indeed, perhaps the only kind that can be administered with perfect security in cases of great debility.

For Families, the "Extractum Carnis" is the greatest boon yet discovered, inasmuch as it keeps well and replaces other remedies which require to be constantly renewed at the Druggist's Shop.

For Travellers and Ship Captains it is the most portable and durable article that can be recommended; besides, it can be prepared at a moment's notice in the most outlandish place, or on the open sea in the greatest storms.

Half a teaspoonful of the Extract in a breakfast cup of warm water will produce the most nourishing beef tea.

Jars containing 8 oz. (equal to 16 lbs. of fresh beef), $35.

Jars containing 1 lb. (equal to 32 lbs. of fresh beef), $70.

N.B. Beware of spurious imitations.

We are enabled to sell the genuine Extract at the above-named prices, as we have made arrangements with Mr Giebert to have a large and continual supply, and have no doubt but that the 'real' article, at such prices, will throw out of the market cheaper, but less efficacious, preparations.

HEALTH! BEAUTY!!

STRONG, PURE AND RICH BLOOD.

INCREASE OF FLESH AND WEIGHT.

CLEAR SKIN AND BEAUTIFUL COMPLEXION SECURED TO ALL.
THROUGH
DR. RADWAY'S
SARSAPARILLIAN RESOLVENT

Every drop of the Sarsaparillan Resolvent communicates through the blood, Sweat, Urine, and other fluids and juices of the system, the vigour of life, for it repairs the wastes of the body with new and sound material. Scrofula, Consumption, Syphilis, uncured and badly treated Venereal, in its many forms, Glandular disease, Ulcers in the Throat, Mouth, Tumors, Nodes in the Glands and other parts of the system, Sore Eyes, Strumorous discharges from the Ears, and the worst forms of Skin Diseases, Eruptions, Fever Sores, Scald Head, Ring Worm, Salt Rheum, Erysipelas, Acne, Black Spots, Worms in the Flesh, Tumors, Cancers in the Womb, and all Weakening and Painful Discharges, Night Sweats, Loss of Sperm and all wastes of the Life Principle, are within the curative range of this wonder of Modern Chemistry, and a few days use will prove to any person using it for either of these forms of disease, its potent power to cure them. If the patient, daily becoming reduced by the wastes and decomposition that is continually progressing, succeeds in arresting these wastes, and repairs the same with new material made from healthy blood, and this the Sarsaparillan will, and does secure, a cure is certain, for when once this remedy commences its work of purification, and succeeds in diminishing the loss of wastes, its repairs will be rapid, and every day the patient will feel himself growing better and stronger, the food digesting better, appetite improving, the flesh and weight increasing.

Not only does the SARSAPARILLAN RESOLVENT excel all known remedial agents in the cure of Chronic, Scrofulous, Constitutional, Skin and Syphiloid diseases, but it is the only positive cure for Kidney, Bladder, Urinary and Womb disease. Gravel, Diabetes, Dropsy, Stoppage of Water, Incontinence of Urine, Bright's disease, Albuminuria and in all cases where there are brick dust deposits, or the water is thick, cloudy, mixed with substances like the white of an egg or threads like white silk, or there is a morbid, dark, bilious appearance, and white bone dust deposits, and when there is prickling, burning sensation when passing water, and pains in the Small of the Back, along the loins.

In all these conditions Radway's Sarsaparillan Resolvent, aided by the application of Radway's Ready Relief to the Spine and Small of the Back, and the Bowels regulated with one or two RADWAY'S REGULATING PILLS per day will soon make a complete cure, and in a few days the patient will be enabled to hold and discharge his water naturally without pain, and the Urine will be restored to its natural clear, and amber or cherry color.

Sold by Druggists everywhere.

Radway's Ready Relief,
THE CHEAPEST AND BEST MEDICINE FOR FAMILY USE IN THE WORLD.

One bottle will cure more complaints and prevent the system against sudden attacks of Epidemics and contagious diseases, than one hundred dollars expended in other medicines or medic l attendance.

The moment RADWAY'S READY RELIEF is applied externally—or taken internally, according to directions—Pain from whatever cause, ceases to exist.

IMPORTANT.

Miners, Farmers and others residing in sparsely settled districts, where it is difficult to secure the services of a physician, RADWAY'S READY RELIEF is invaluable. It can be used with positive assurance of doing good in all cases where pain or discomfort is experienced, or if seized with Influenza, Diphtheria, Sore Throat, Bad Coughs, Hoarseness, Bilious Colic, Inflammation of the Bowels, Stomach, Lungs, Liver, Kidneys, or with Croup, Quinsy, Fever and Ague; or with Neuralgia, Headache, Toothache, Earache; or with Lumbago, Pain in the Back, or Rheumatism; or with Diarrhœa, Cholera Morbus, or Dysentery; or with Strains, Cramps or Spasms, the application of RADWAY'S READY RELIEF will cure you of the worst of these complaints in a few hours.

RHEUMATISM.

This painful disease has baffled the most skillful physicians and popular remedies. It is the most difficult of diseases to treat, yet RADWAY'S READY RELIEF has never failed in affording immediate relief to the sufferer; and in all cases of Acute, Inflammatory or Nervous Rheumatism, to effect a Permanent cure. In Chronic Rheumatism or Gout, RADWAY'S RENOVATING RESOLVENT AND REGULATING PILLS should be taken as an adjunct with the READY RELIEF.)

Sold by Druggists everywhere.

Dr. Radway's Pills.

For the cure of all Disorders of the Stomach, Liver, Bowels, Kidneys, Bladder, Nervous Diseases, Headache, Constipation, Costiveness, Indigestion, Dyspepsia, Biliousness, Bilious Fever, Inflammation of the Bowels, Piles and all Derangements of the Internal Viscera.

Warranted to effect a positive cure. Purely vegetable. Containing no Mercury, Minerals or Deleterious Drugs.

OBSERVE THE FOLLOWING SYMPTONS RESULTING FROM DISORDERS OF THE DIGESTIVE ORGANS:

Constipation, Inward Piles, Fullness of the Blood to the Head, Acidity of the Stomach, Nausea, Heartburn, Disgust for Food, Fullness or Weight in the Stomach, Sour Eructations, Sinking or Fluttering at the Heart, Choking or Suffocating Sensations when in a Lying Posture, Dimness of Vision, Dots or Webs before the Sight, Fever and Dull Pain in the Head, Deficiency of Perspiration, Yellowness of the skin and Eyes, Pain in the Side Chest, Limbs, and sudden Flushes of Heat, Burning, in the Flesh.

A few doses of RADWAY'S PILLS will free the System from all the above named disorders.

Caution:

As some unprincipled Druggists are selling a spurious preparation, representing it to be the genuine "Dr. Radway's Ready Relief," the Public are cautioned against purchasing same, as it is only calculated to increase, instead of mitigating, the disease. The deception is easily detected, the figures on the wrapper of the falsified being badly brought out (apparently from a wood engraving), whilst those of the genuine are beautifully distinct. The signature of Radway and Co. is also badly imitated, and the bottles are somewhat larger than those received from Dr. Radway and Co.
